EDUCATION

BCA
Bareilly College, Bareilly
August 2021 - August 2024

TECHNICAL SKILLS

- JavaScript
- RESTful APIs
- Express.js
- Node.js
- MongoDB
- Git
- CSS3
- HTML5

SOFT SKILLS

- Problem Solving
- Time Management
- Effective Communication
- Teamwork

INTERESTS

Exploring new tools

Book Reading

CERTIFICATIONS

Construct Week Project 🔗
Masai School

PROFESSIONAL SUMMARY

Passionate Node.js Developer with robust expertise in JavaScript, RESTful APIs, and Express.js. Proficient in designing efficient server-side applications and optimizing backend systems using Generative AI. Excellent problem-solving and teamwork skills. Quick to adapt and master new technologies, enhancing project success.

PROJECTS

Udemy-Clone: Live Demo Link   Github Repo Link

- Developed RESTful APIs with Node.js and Express for efficient course and user management.
- Utilized MongoDB to optimize database interactions and ensure efficient data storage.
- Collaborated on route handling for user functionalities, including add to cart and wishlist features.
- Worked with frontend developers to create a responsive user interface inspired by Udemy's design.
- Assisted in ensuring seamless integration of frontend components with backend APIs.

Tech Stack:

JavaScript	React	Git	Node.js	Express.js
MongoDB	RESTful APIs	Tailwind CSS
